## JANUARY 2026

Monthly Initiative Wrap-Up

# OUR FOCUS THIS MONTH

## Road Safety for Everyone

### One goal. Zero Harm.

“This month, our focus was on Road Safety Practices & Awareness— not as a checklist, but as a habit.”

# THE MONTH IN ACTION ACROSS OUR SITES

“Throughout the week, sites came together to bring Road Safety Month alive through planned, standardised execution.”

**Mr. Ghanshyam Singh**  
CHAIRMAN, COH

## KEY ACTIVITIES OBSERVED ACROSS SITES INCLUDED:

Suraksha Rath & Road Safety Awareness Drives with banner-led inaugurations and live discussions.

Vehicle Inspection Drives covering HEMM, LMV, and HMV fleets, with unsafe vehicles identified, tagged, and taken up for rectification through HSE-Maintenance coordination.

Daily Image-Based Toolbox Talks using the “What’s Wrong With This Picture?” format to drive short, focused discussions without disrupting operations.

# INITIATIVE SPOTLIGHT

## TSA & TSK | SAFETY BEYOND THE GATE

Road safety did not stop at the site boundary.

TSA & TSK teams took safety messages to nearby town roads-reminding everyone that responsibility continues outside the gate.

**Safety follows us everywhere.**

# LEARNING FOR SAFETY

## On-Site Trainings

Focused in-house sessions were conducted on:

### Work From Height

### Manual Material Handling

### Operator Defensive Driving

# WHAT WE CARRY FORWARD

■ Pause. ■ Observe. ■ Correct.

Before the machine moves.

Because the real goal is simple:

End your shift at home.

The machine follows my hands, but safety follows my mindset. Work slow, think smart, go home safe.  
(Roshan Kumar, Loader Operator)

Safe driving today saves lives tomorrow.  
(Himanshu Sahoo, Loader operator)

# WHAT'S NEXT | FEBRUARY

## This One Is About YOU

February's initiative is people-led.

If you have an idea, see a risk,  
or know a better way —  
KRL is listening.

# YOUR VOICE WILL SHAPE KRL'S FUTURE.

**SAFETY AND EXCELLENCE**  
begin with a voice that's heard.

**GIVE US YOUR FEEDBACK  
AND IDEAS**
