K-JBPSL - Rajendra Thakur - Runners Up

K-TSA - Sanjay Kumar - Winner

K-VSP - Shiva Uraw - Winner

K-JBPSL - Abhimanyu Kumar - Winner

# WHAT'S COMING | APRIL

Fire Safety & Heat Preparedness Month – April 2026

As temperatures rise, so does the need for awareness and preparedness.

This month at KRL, we focus on preventing fire risks and managing heat stress through proactive action, training, and collective responsibility.

The infographic features a central figure of a worker in an orange and blue uniform and yellow hard hat, holding a red fire extinguisher. Surrounding this central figure are four smaller inset images: a group of workers in orange uniforms, a worker drinking water, a group of workers sitting on a bench, and a group of workers in orange uniforms. The background is yellow with a white diagonal stripe.

## FIRE SAFE HEAT READY ALWAYS PREPARED

**FIRE SAFETY & WORK IN HEAT**  
PREPAREDNESS MONTH
