Group Skit Activity & Recognition

As part of the Heat Stress Awareness Month activities, employees from K-TSA and K-TSK actively participated in a group skit competition on the topic:

How We Save Someone from Heat Stroke

Employees were also recognized and appreciated for their enthusiastic participation and valuable contributions to the activity

Special Recognitions

Athagarh Recognition by Client

On 28 April 2026, our team participated in the **Sumilan Program** organized by Tata Steel. During the event, Branch Head **Gaurav Mandhani** showcased our work culture and safety initiatives.

The team was honored by **Susanta Mishra** for **Best Safe Work Practices** and maintaining **Zero Injury Performance**. A token of appreciation was also presented by **Natasha Jha** for our contribution to the event.

Trainings & Skill Development

- Standard Operating Procedures Training
- Manual Material Handling Training
- First Aid Training – Heat Stroke & Fainting Response
- Emergency Response Preparedness & Night Emergency Drill

Seasonal Arrangement - Water Bottle Distribution Drive

As part of our summer preparedness initiatives, reusable water bottles were distributed to employees across project sites to promote regular hydration and help prevent heat-related illnesses.

This seasonal arrangement supports our commitment to employee health, safety, and well-being.

Promoting Hydration Beyond the Workplace - Community Hydration Drive.

As part of our **Corporate Social Responsibility (CSR)** initiative during Heat Stress Awareness Month, KRL extended its hydration campaign to the wider community through a **Community Hydration Drive**.

Hydration stalls were set up at various locations, where teams distributed refreshing beverages and drinking water to workers, drivers, visitors, and members of the public.

Proud Moment for Team KRL!

Our Community Hydration Drive at Minto Park, Kolkata has been featured in Rajasthan Patrika newspaper – a proud recognition of our efforts to support the community and make a positive impact beyond the workplace.

In June We will focus on

Monsoon Awareness & Slip Trip Fall Safety
Preparedness Month (June 2026)

RAIN FALLS. SAFETY CALLS.

MONSOON PREPAREDNESS CHECKS

COMMON RISKS DURING RAIN:

Slippery Surfaces
slips & falls

Electrical Hazards
shock risk

Poor Visibility
accidents

Flooding
water accumulation

Weak Soil
collapse (excavation risk)

SLIP TRIP FALL SAFETY MONTH
