

INSIDE KRL

SEPTEMBER 2026

Monthly Initiative Wrap-Up

CAMPAIGN HIGHLIGHTS & INSIDE THIS ISSUE

Throughout September, our teams across all branches focused on building stronger ownership of the equipment and assets we work with every day. As part of **"Asset Care & Operational Discipline Month,"** we reinforced the importance of regular inspection, proper upkeep, correct operating practices, and timely reporting to support safer and more reliable operations.

Branch Head Choice Award

Mr. Mohan Charan Swain - Athagarh

Mr. Jayprakash Mahanta - Kalinganagar

Mr. Sumant Dhibar - Jharsuguda

Mr. K Nooka Raju - Visakhapatnam

ASSET CARE & EQUIPMENT INSPECTION

Equipment is central to safe and efficient operations, making proper care and maintenance a shared responsibility. During the month, focused maintenance and inspection activities were carried out in coordination with HEMM operators and concerned teams to strengthen equipment condition, readiness and day-to-day ownership.

EQUIPMENT UPKEEP & MAINTENANCE

A well-maintained machine reflects the discipline behind every operation. Through focused cleaning and maintenance activities across all branches, teams worked to keep equipment in better condition, improve readiness, and strengthen everyday ownership of the assets they use.

ASSET CODE & SAFETY SIGNAGE

As part of the month's asset care initiatives, our teams installed asset codes and safety signage on equipment across branches. The activity supported clearer asset identification, better visibility of key safety precautions and a more disciplined approach to equipment management.

VISHWAKARMA PUJA

Vishwakarma Puja was marked across all our branches with devotion, gratitude, and a strong sense of togetherness. The occasion brought our teams together beyond the usual work routine, with prayers, shared moments, and celebrations centred around the machines and equipment that are an integral part of our everyday work.

INTERNAL & EXTERNAL TRAININGS

CHEMICAL HANDLING & STORING, MSDS

The training focused on safe practices for handling and storing chemicals, along with the correct use of Material Safety Data Sheets (MSDS). It covered key precautions, hazard identification, proper storage, and the information employees should check before working with any chemical.

Kalinganagar

P&M MAINTENANCE

A training session on the importance of proper Plant & Machinery maintenance to support safe and reliable operations. It covered routine inspection, timely maintenance, identifying early signs of wear or damage, and reporting issues before they lead to equipment failure or operational disruption.

Kalinganagar

Athagarh

LUBRICANT HANDLING

The training covered safe handling and storage of lubricants, correct identification and usage, contamination prevention, spill control, and good practices to maintain lubricant quality and support reliable equipment performance.

CAMPAIGN CLOSING & RECOGNITIONS

As the month came to a close, we recognised team members whose participation and involvement stood out across the internal training sessions. Their consistent engagement reflected the spirit of active learning and contribution that the campaign aimed to encourage.

Mr. Athani Barik - Nilachal

Mr. Barid Baran Manna - Kalinganagar

Mr. Abhimanyu Kumar - Jharsuguda

Mr. Ganeshwar Pradhan - Athagarh

OUR FOCUS FOR OCTOBER

This October, KRL's Wellness Month is a reminder that wellbeing matters every day — during every shift and beyond work. Taking care of your health and safety is not just a routine, but an important responsibility towards yourself and your family.

KRL's Wellness Month

हर शिफ्ट का सबसे अच्छा अंत?
सुरक्षित घर पहुँचना।

- आपका स्वास्थ्य आपको सतर्क रखता है।
- आपकी सतर्कता आपको सुरक्षित रखती है।
- और आपकी सुरक्षा आपको घर तक पहुँचाती है।

YOUR SAFETY & COMFORT IS OUR TOPMOST PRIORITY.
